X. City Staff

A. Parks and Recreation Update

Mr. Shonk updated Board members regarding the Kayak/Canoe launch, the Cauley Lott Park renovation, and the status of the related African American Cultural and Historical Grant. He expressed gratitude to Mount Dora High School for providing a basketball facility for the City's program and informed board members another soccer season was about to begin. The soccer program will most likely reach capacity for registrants due to lack of field space. One location for all fields would be ideal. The City did not receive a grant that would have provided more field space at the Frank Brown Sports Complex. An expanded Loch Leven subdivision may provide park space to remedy a level of service gap that would result from the development. This possibility is still in early stages. If the space is provided, the City aims to incorporate the use of the property into the priorities of the Parks and Recreation Master Plan.

B. Cultural and Special Events Update

Mr. Carson informed Board members about upcoming events, including the Arts Festival, African American History Festival, and the Scottish Highland Festival, which will, this year, include a one-mile run.

XI. Communications and Reports

A. Board Member Kate Barnard

B. Board Member Marsha Blum

C. Board Member Derrick Campbell

D. Board Member Rick Cooper

Mr. Cooper participated in the Unity March on January 15th and was disappointed by the meager attendance. He suggested the City become more involved in its promotion.

E. Board Member William Larkin

Mr. Larkin recently observed workers examining the railroad bridge on Tremain for Rails to Trails and asked what information the City could provide him at this time about the topic. Ms. Jewell informed it was most likely a PD&E study being conducted by the county. She will pass along further information to Board members as it becomes available. Mr. Larkin asked about an extension of the Tremain Trail and was told it would have been part of phase two or three of the City's streetscape plan.

F. Board Member Suzanne Scheck

G. Vice-Chair Amy Fortenberry

H. Chair Mark Woerner

TO: Parks and Recreation Advisory Board Members

FROM: Amy Jewell, Leisure Services Director

SUBJECT: Parks and Recreation Strategic Review

Introduction:

This is an opportunity for Board members to consider the strategic impact of upcoming projects.

Discussion:

During the past year, Board members offered feedback regarding projects now in various stages of progress, including the Cauley Lott Park renovation, the Kayak/Canoe Launch at Palm Island Park, the Lincoln Pool Renovation, and the Triangle Elementary Joint-use playground, all of which were recommended in the Parks and Recreation Master Plan adopted by the City in 2019. As work on these projects continues, City staff suggest Board members consider future projects and the necessary time, funding, and planning required to accomplish them. Further along the suggested project timeline, the Master Plan recommended the renovations of Lincoln Park, Donnelly Park, Frank Brown and the Mount Dora waterfront (Attachment #1). As the City prepares for the planning of next year's Capital Improvement Project budget, it may be appropriate at this time for staff and Board members to review goals and examine their alignment with priorities defined in the Parks and Recreation Master Plan.

Budget Impact:

There is no budget impact for this item.

Strategic Impact:

This item satisfies Objective 2.3. of the City of Mount Dora's Strategic Plan: Develop a parks and recreation system guided by the principles of the Parks and Recreation Master Plan.

Recommendation

Board members discuss the strategic impact of future projects.

3.6 Short-term Project Prioritization

To aid in the implementation of capital improvements in the short-term, the relevant Master Plan recommendations have been prioritized following an approach developed with consideration of both analytical and practical elements. The resulting prioritization schedule balances the potential impact of improvements with project costs to assist the City in efficiently addressing existing issues related to park quality, safety, and equity.

Park-Specific Recommendations

Recommended short-term improvements to each individual park property and/or facility have been prioritized based on consideration of multiple factors:

- Current Park Score
- Potential to achieve park equity standards (i.e. improve an existing poorly-served area or extend service to an unserved area)
- Relevant planned expenditures in the City's approved budget and/or CIP
- Project Cost

0-2 Years – \$1,770,000

- Lake Franklin Park
- Lillie Park
- Mount Dora Golf Club
- Stein Park
- Lincoln Avenue Community Park & Pool
- Cauley Lott Park

2-3 Years – \$1,445,500

- Forest Park (Trail)
- Simpson Farm House
- Sunset Park
- Sylvan Park
- Ruthie Watson Park
- Serenity Park
- Waite Property
- Palm Island Park
- Gilbert Park
- Chautauqua Park
- Donnelly Park
- Elizabeth Evans Park
- W.T. Bland Public Library
- Simpson Cove (Boat Launch)

3-4 Years – \$1,300,500

- Martin Luther King Center
- Community Building
- Mount Dora Mountain Bike Trails
- Grantham Point (Lighthouse)
- Mount Dora Dog Park
- Pinecrest Park
- Blair Park
- 4th Avenue City Docks
- Forres Playground
- Nature Park

New Projects

Short-term Master Plan recommendations that are not tied to a specific Leisure Services Department park or facility have been prioritized in a similar fashion, however since many of these projects are not directly related to existing parks or facilities, a current Park Score was not factored.

0-2 Years – \$650,000

- Misc. Design Services
- Trails Master Plan
- New Park Land Acquisition*
- Update Security Camera System

2-3 Years – \$33,333

- Improve Marketing
- Art Master Plan

3-4 Years – \$15,100,000

- New Community Center – construction
- Lake Dora Waterfront

**Active acquisition in deficient areas*
